Pour le calcul des prix, référez-vous à la liste de prix. Tous les prix s'entendent par modèle et version dans un même tissu

Quel délai de réception faut-il respecter ?

Idéalement, votre revêtement client doit nous parvenir 5 semaines avant la date de livraison planifiée, afin de pouvoir garantir et respecter celle-ci. Vous trouverez cette date sur votre confirmation de commande. Vous comprendrez que toute réception tardive, incomplète ou mal renseignée peut engendrer un retard ou report de livraison de votre commande.

Marquage de votre envoi de revêtement

Merçi de bien vouloir indiquer tous les éléments suivants sur chacun des colis de vos revêtements : Nom du revêtement, couleur, quantité, largeur ainsi que le côté à travailler.

Veuillez en outre indiquer le nom de votre société ainsi que le numéro de commande/référence. Enfin, si votre revêtement doit être travaillé d'une certaine manière (sur rapport, Bi-couleur, ...), merci de nous le signaler également. En cas d'envoi de plusieurs revêtements/coloris, merci d'effectuer un marquage individuel par revêtement. L'ensemble de ces informations doivent idéalement nous être communiquées au moment de votre commande

Métrages et tests

Vous trouverez le métrage nécessaire requis dans notre liste de prix. Pour des quantités plus importantes, nous vous recommandons de revenir vers nous afin que nous puissions vous donner un calcul du métrage nécessaire. En fonction des caractéristiques des revêtements, il est souvent recommandé de réaliser un test ou un prototype de garnissage. Le revêtement nécessaire à ce test augmente évidemment la quantité de métrage, aussi nous vous conseillons vivement de prévoir une certaine réserve lors de votre calculation en métrage. Tout envoi ultérieur de métrage supplémentaire ne peut nous être imputé et risque par ailleurs d'allonger le délai de livraison de votre commande

Garnissage et suppléments de prix

Tous les métrages que nous mentionnons dans nos listes de prix s'appliquent à des revêtements de 140cm de largeur.

Des métrages supplémentaires sont nécessaires pour les exceptions suivantes :

- Un garnissage sur rapport
- Un garnissage sur lisière
- Un garnissage d'un revêtement d'une largeur inférieure à 140cm

Dans ces différents cas de figure, un supplément de 10% est appliqué et nous vous recommandons de revenir vers nous afin de nous demander le calcul du métrage adéquat. Si votre revêtement requiert un travail de garnissage ou une technique de couture particulier, nous vous prions de bien vouloir nous en informer au préalable. Le supplément à prendre en compte vous sera communiqué en fonction.

Définitions importantes

Bi-Color: il s'agit de 2 coloris d'un même recouvrement

Bi-Matériau: il s'agit d'une combinaison de 2 types de revêtements différents

Le cuir ne peut être combiné avec du tissu ou du simili cuir.

Certains modèles ne sont jamais possibles en bicolore ou bi-matériau, d'autres uniquement en bicolore et d'autres encore aussi bien en bicolore qu'en bi-matériau. Vous trouverez l'indication par modèle dans nos listes de prix.

Toute demande spéciale doit nous parvenir afin d'être étudiée et approuvée et sera soumise à un supplément de prix de 10%. En cas de cumul de demandes spéciales, par exemple une version bicolore à réaliser sur rapport, un supplément de 20% sera majoré. En tant que spécialiste du garnissage, nous nous réservons le droit de ne pas travailler certains revêtements ou combinaisons que nous jugeons trop risqués.

Le « cuir client »

Nous travaillons aussi le cuir client. Vous trouverez les besoins en peau (m²) dans nos listes de prix. Veuillez noter qu'un garnissage en cuir peut différer d'un garnissage en tissu, que ce soit au niveau des coutures ou d'un point de vue optique. Le cuir client est traité conformément à nos directives de qualité.

Garantie

Le client prend la responsabilité du choix du revêtement qu'il nous fournit. Mobitec ne peut par conséquent pas offrir de garantie sur le garnissage, la durabilité ou encore la qualité d'un revêtement reçu (tissus, similis ou cuirs). En cas de doute, nous vous conseillons vivement de prendre vos renseignements auprès de votre fournisseur.

INFORMATIE OMTRENT INGEZONDEN STOFFEN "RECOUVREMENT CLIENT"

Of het nu gaat om stof, kunstleder of zelfs leder, bij Mobitec kan de klant ook zelf het bekledingsmateriaal aanleveren. Een troef waarvoor we al jaar en dag bijzonder gewaardeerd worden. Om een product met een stoffering van onberispelijke kwaliteit te kunnen afleveren, vereist deze service uiteraard een zekere knowhow net als de beste productieomstandigheden en leveringstermijnen. Bij deze willen we dan ook even uw aandacht vestigen op enkele afspraken die in acht moeten worden genomen om een vlotte afhandeling van uw bestelling te kunnen garanderen.

Prijzen

De prijzen worden op basis van onze prijslijst berekend. Alle prijzen verstaan zich per model en versie in dezelfde stof.

Met welke termijn voor inzending dient u rekening te houden?

Om de geplande leveringsdatum te kunnen garanderen en respecteren, dienen wij bij voorkeur 5 weken voor deze datum over het gewenste bekledingsmateriaal te beschikken. U vindt deze datum terug op uw orderbevestiging. Indien wij dit materiaal te laat, onvolledig of voorzien van foutieve inlichtingen ontvangen, kan dit leiden tot vertraging of uitstel van uw bestelling.

Labelen van uw inzending met eigen bekledingsmateriaal

Gelieve ervoor te zorgen dat onderstaande elementen duidelijk en op elk pakket met bekledingsmateriaal vermeld staan: naam van het bekledingsmateriaal, de kleur, de hoeveelheid, de grootte en de zijkant. Vermeld ook uw bedrijfsnaam, net als het bestel/referentienummer. In geval van bekledingsmateriaal op een bepaalde manier moet worden bewerkt (rapport of patroonverloop, bicolor,...), vragen wij u om dit ook mee te delen. Zendt u meerdere bekledingsmaterialen/kleuren in? Gelieve dan alle materiaal apart te labelen. Als mogelijk gelieve deze informatie al samen met uw bestelling te willen aangeven.

Stofverbruik en testen

U vindt de noodzakelijk vereiste meters in onze prijslijst. Voor grotere hoeveelheden, raden wij u aan terug te koppelen naar ons – zodat wij u een berekening kunnen maken van de benodigde meters. Rekening houdend met de specifieke kenmerken van het bekledingsmateriaal is het vaak aangewezen een test uit te voeren of een prototype van de stoffering te laten maken. Het benodigde materiaal voor deze test wordt verwerkt in het totale verbruik. We raden U ook aan om sowieso een zekere reserve te voorzien bovenop uw verbruiksrekening. Het later inzenden van extra materiaal kan niet aan ons worden toegeschreven en kan ervoor zorgen dat uw bestelling pas later wordt geleverd.

Stoffen en prijs toeslagen

Het verbruik zoals vermeld in onze prijslijsten is van toepassing op bekledingsstoffen met een breedte van 140cm.

Extra materiaal is nodig bij volgende uitzonderingen:

- Stoffering volgens rapport of patroonverloop
 - Stoffering op de zelfkant
 - Stoffering met bekledingsmateriaal van minder dan 140cm breedte
- In deze verschillende gevallen wordt een extra 10% toeslag gevraagd. Wij raden u wel aan terug te koppelen naar ons – zodat wij u een juiste berekening kunnen maken van de benodigde meters. In geval van bekledingsmateriaal om een specifieke stofferingsswijze of naalstechniek vraagt, is het aangewezen ons hiervan voldoende op voorhand op de hoogte te brengen.

Belangrijke begrippen

Bi-Color: dit zijn 2 kleuren van hetzelfde bekledingsmateriaal.

Bi-Matériau: dit betreft een combinatie van 2 soorten bekledingsmateriaal.

Leder kan niet gecombineerd worden met stof of kunstleder.

Sommige modellen zijn niet mogelijk in bicolor of bi-matériau, anderen en wel in bicolor en nog anderen zowel in bicolor als in bi-matériau.

Dit wordt per model beschreven in onze prijslijsten.

Speciale verzoeken moeten altijd eerst door ons worden bestudeerd en goedgekeurd. Bovendien zijn ze onderworpen aan een prijs toeslag van 10%. In geval van meerdere speciale verzoeken, bv. als een versie bicolor vervaardigd moet worden volgens een bepaald patroonverloop (rapport), wordt een prijs toeslag van 20% toegepast. Als bekledingspecialist behouden wij ons van het recht om bepaalde bekledingsmaterialen of combinaties niet te be- of verwerken, wegens te riskant.

Leder aangeleverd door de klant

We verwerken ook leder aangeleverd door de klant. U vindt het benodigde leder (m²) in onze prijslijsten. Opgelet: een lederstoffing kan erg verschillen van een stoffen bekleding, zowel wat betreft de naden als vanuit optisch oogpunt. Leder aangeleverd door de klant wordt verwerkt volgens onze kwaliteitsrichtlijnen.

Garantie

De klant is zelf verantwoordelijk voor de keuze van het bekledingsmateriaal dat hij ons aanlevert. Mobitec kan daarom geen garantie bieden op de stoffering, de duurzaamheid of de kwaliteit van het door u aangeleverde materiaal (stof, kunstleder of leder). In geval van twijfel raden wij u aan om informatie in te winnen bij uw leverancier.

INFORMATION ABOUT "CUSTOMER OWN MATERIAL"

Whether made from fabric, leather imitation or real leather, Mobitec has made working customer own material (COM) one of its known and recognised assets for many years. In order to be able to deliver an impeccably-upholstered product, this service requires a certain amount of know-how, as well as being achieved within the best conditions and deadlines. This is why we would like to draw your attention to a few requirements to be complied with in order to enable us to ensure that your order is produced correctly.

Prices

For the price calculation please refer to our pricelist. All prices are quoted per model and version in the same material.

Delivery times

Ideally, your COM should reach us 5 weeks before the planned delivery date, to enable us to guarantee and meet the deadline. This date is mentioned on your order confirmation. Any late, incomplete or unclear shipment may cause a delay or postponement of the delivery of your order.

Marking your fabric shipment

Please indicate the following information on each package of your COM: Name of the fabric, colour, quantity, width and the side to be worked on. Please also state your company's name and the order/reference number. Finally, please also mention whether your fabric must be worked in a specific way (repeat, Bi-colour, etc.). In the event of several fabrics/colours, please mark each one individually. All of the above information should be provided to us at the time of placing your order.

Fabric need and tests

You will find the necessary quantity in our price lists. For larger quantities, we ask you to contact us so that we can calculate the real need. Depending on the characteristics of the COM, it is often recommended to conduct an upholstery test or prototype. The need necessary for conducting the test obviously increases the quantity, and we recommend that you add extra meters when making your calculations. Any subsequent shipment of additional quantities may not be charged to us, and it additionally may delay the delivery of your order.

Upholstery and extra charges

All fabric need mentioned in our price lists apply to coverings with a width of 140cm.

Additional quantities are needed for the following exceptions:

- Upholstery of fabrics with repeat
- Selvage upholstery
- Fabric width smaller than 140cm

In these situations, a 10% supplement will be charged and we recommend that you contact us in order to request a calculation of the appropriate fabric need.

If your COM requires a specific type of upholstery work or sewing technique, please inform us beforehand. We will inform you of the eventual extra charge to be paid accordingly.

As an upholstery specialist, we reserve the right not to work fabrics or combinations that we deem to be too risky.

Customer leather

We also work customer leather. You will find the hide requirements (m³) in our price lists. Please note that leather upholstery may differ from fabric upholstery, both in relation to the seams and aesthetically. Customer leather is processed in accordance with our quality guidelines
